

A decorative graphic on the left side of the slide consisting of two overlapping parallelograms. The front one is blue and the back one is a light greenish-blue. They are positioned diagonally, with the blue one in front of the green one.

Cloud Computing Project: Toxxic

Mo Islam (mti7), Jerry Guo (jzg7), Fabrizio
Casanova (fec24)

Background & Project Info

- *Name* - TOXXIC
- *Description* -
 - An online platform designed to give users traditional social media functionalities similar to Reddit (making accounts, posts, comments, deleting posts)
- *Objective* -
 - Our main objective was to also design a system where users can collectively come together and “cancel” other users based off their posts
 - New functionalities include...
 - Upvotes/Downvotes System
 - Webtimer
 - Removal from platform

Division of Responsibility

Jerry

- Login system
- Posting
- Cancellation
- Commenting
- Upvote & Downvote organization algorithm

Mo

- Database System Initialization & Setup
- User Interface
- Main Page & Subpage Connections
- Data Display
- Data Tracking

Fabrizio

- Website Initial Setup
- User Interface
- Deployment
- Algorithm Testing
- Scalability & Efficiency Testing

Post Development

Accomplishments

- Successfully built all intended algorithms
- Tested scalability of application
- Created functional first iteration of interactive User Interface
- Most popular posts algorithm

Next Steps

- Interface Customization
- Profile Pictures
- Account Descriptions
- Posting Videos & Gifs
